TEACHERS NOT TO LOOSE.

State Superintendent of Schools, Morris P. Shawkey, ruled that when a school is closed by the proper health authorities the teachers are not to be compelled to make up such lost time, provided they hold themselves in readiness to teach upon the order of the board.

He is of the opinion that the legislature meant through the statute enacted upon this subject to compensate teachers for time lost when schools are closed on account of an epidemic or any contagious or infectious disease in the community.

He recommends, however, that when the schools are to be closed for a long period of time it would seem an injustice for the children to be deprived of schools for this time, and therefore the school board would make some arrangement with the teachers for compensation.

The state superintendent further interprets the law as meaning that any health officer district or county or a member of the board of education may close schools for the protection of pupils.

If adopted, and if it does people will do also. If the

schools would be taught, for the most part, by women. This, however, he would not regret if they could all be brought up to the standard of efficiency now shown by some of them.

The Association adjourned to meet at the Piney Hill School House, near Dry Creek, on Saturday, February 10th, 1883.

MISS LIZZIE ARBUCKLE, teacher of the Oak Grove school, near Lewisburg, has succeeded, after much perseverance, in inducing the Board of Education to supply her school with a large black-board, reading charts, writing charts, and a 12-inch globe. Some of our teachers will hardly ask for a good black-board; when it is given to them they seem to have an elephant on their hands. They regard it as a thing to be looked at rather than used. Now, in our opinion, a black-board is of more value, in a primary school, than books; and a teacher who don't know how to use it, should proceed to learn from those who do. Miss Arbuckle's success teaches an important lesson: *If you want anything ask for it, and if you don't get it the first time ask again.*

THE County Superintendent now has on hand a full supply of forms for Trustee's reports and for the enumeration of youth, which the District Secretaries can get by calling or sending for them.

in length, and is to be used for the purpose of conveying logs from the timber district to the Greenbrier river.

The second session of the Hillsboro Male and Female Academy will begin to-day, under the direction of Prof. C. A. Brown.— The school will be ably conducted in all its departments. Those desiring a knowledge of instrumental music, will be pleased to learn that Miss Lillie Overholt, so well known here for her rare musical accomplishments, will take charge of that department.

Again the wedding bells are ringing and we are called to chronicle the marriage of Mr. Romulus C. Loveridge, of Renick's Valley, and Miss Laura Conrad, of Philadelphia, which took place at the residence of Mr. Preston Clark on the 2nd inst. Quite a
